

This architectural elevation drawing shows a building facade with various window and door units. The units are labeled with circular callouts containing text: K01, K02, K03, K04, K05, K06, K07, and K08. The facade is divided into several vertical sections. The leftmost section features a single window (K02) and a door (K03). The next section contains a series of windows, including a single window (K04) and a row of four double windows (K01). The central section consists of a row of seven double windows (K01). The rightmost section features a row of five double windows (K01), a door (K05), and a large window unit (K06). The drawing includes a horizontal line indicating a level, with a vertical dimension line on the right side showing a height of +8,415. The ground level is marked with a horizontal line and a vertical dimension line on the right side showing a height of ±0,000.

Architectural floor plan of a building with three rooms. The plan shows a staircase on the left, a central room with a door and two windows, and a larger room on the right with two windows. Elevation markers on the right indicate levels at +8,415, +3,900, and ±0,000. Room labels K08, K07, and K02 are present.
